Dear Sirs:

I would like to make a statement at the Private Fuel Storage Oral Limited Appearance Statement Session at the Tooele High School Auditorium, 240 West 100 South, Tooele, UT on 04/26/2002 at 7 pm-9:30 pm.

My name is Blaine N. Howard and I am a health physicist now retired. I was an AEC Graduate Fellow in Radiological Physics at the University of Rochester and Brookhaven National Laboratory in 1953-54 and have been certified by the American Board of Health Physics although my certification is not current since my retirement

I feel that the major problem with public acceptance of a storage site for the spent fuel is the unreasonable fear of radiation based on false concepts which have been so prevalent. It is my hope to give some practical information to help dispell this fear. I will have a written statement for the hearing and hope to have it completed in time to e-mail you a copy before the hearing. I am sending this to both hearingdocket@nrc.gov and mrm@nrc.gov. I would like to give my comments early enough in the evening to reach the maximum number of people if convenient.

Please confirm to me that I am listed to make these comments  
Thank you,

Blaine N. Howard

Dear Sirs:

I request time to speak at the hearing to be held on Friday, April 26, 2002 at the Tooele High School Auditorium, Tooele, Utah. This hearing concerns proposed Skull Valley Temporary Storage for nuclear waste. I received the notice concerning this hearing in the mail on April 3, 2002. I, therefore am late getting this request to you.

I request that you will still give me time to speak, which I understand is limited to 3 minutes, because, the notice was obviously not mailed until or after April 1, 2002. It only had to come here from Salt Lake City which usually takes not more than two days. It would be unfair to me to deny me the opportunity to speak, inasmuch as the notices were not mailed until too late for me to respond as you desired.

Thankyou very much for your consideration.

Yours truly,

*Marjorie E. Thomas*
