Mr. T. Pearce O'Kelley, Chief
Bureau of Radiological Health
Department of Health and Environmental Control
2600 Bull Street
Columbia, SC 29201

Dear Mr. O'Kelley:

We have reviewed the proposed revisions to South Carolina Radioactive Materials Regulation 61-63, Title A (RHA), proposed amendment dated October 11, 2001, provided to us electronically February 14, 2002. The proposed regulations are in response to the two amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 20, 32, 34, 35, 36. We discussed our review of the regulations with Mr. James Peterson on April 19, 2002.

As a result of our review, we have one comment that has been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted incorporating the comment and without other significant change, they would meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulatory Requirements*, please highlight the final changes and send one copy to STP in a computer readable format, if possible.

The SRS Data Sheet summarizes our knowledge of other South Carolina regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter including the SRS Data Sheet is posted on the STP Web Site: <http://www.hsrdo.ornl.gov/nrc/rulemaking.htm>. If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me or Richard L. Woodruff, Region II, at 404-562-4704 or RLW@NRC.GOV.

Sincerely,

/RA/

Josephine M. Piccone, Deputy Director
Office of State and Tribal Programs
