MEMORANDUM TO: Paul H. Lohaus, Director
Office of State and Tribal Programs
/RA by Marc L. Dapas Acting for/

FROM: Cynthia D. Pederson, Director
Division of Nuclear Materials Safety, Region III

SUBJECT: 2002 ORGANIZATION OF AGREEMENT STATES MEETING

Your March 27, 2002 memo requested suggested topics for the October 2002 Organization of Agreement States annual meeting in Denver, Colorado.

During recent State IMPEP reviews and Periodic Meetings, the subject of State regulation compatibility was a prime topic of conversation. A certain amount of confusion appears to exist as far as the States are concerned, particularly regarding the Regulation Assessment Tracking System (RATS) and the newer State Regulation Status (SRS) systems. We suggest that this regulation compatibility process be explained and demonstrated at the meeting.

As the meeting will be held at about the time the revised 10 CFR Part 35 will be effective, we assume that medical regulations will be a subject on the agenda as well.

Thank you for the opportunity to provide input to the meeting.
