Docket Nos. 50-373
and 50-374

Mr. L. D. Butterfield, Jr.
Nuclear Licensing Manager
Commonwealth Edison Company
P.O. Box 767
Chicago, Illinois 60690

Dear Mr. Butterfield:

SUBJECT: CORRECTIONS TO AMENDMENT NO. 52 TO FACILITY OPERATING LICENSE
NO. NPF-11 AND AMENDMENT NO. 34 TO FACILITY OPERATING LICENSE
NO. NPF-18 - LASALLE COUNTY STATION, UNITS 1 AND 2
(TAC NOS. 65660/65661)

The U.S. Nuclear Regulatory Commission on December 8, 1987 issued Amendment No. 52 to Facility Operating License No. NPF-11 and Amendment No. 34 to Facility Operating License No. NPF-18 for the LaSalle County Station, Units 1 and 2. These amendments are in response to your letter dated June 16, 1987.

The amendments revise the LaSalle County Station, Units 1 and 2 Operating Licenses to permit the fuel pool of each unit to receive and store spent fuel from either unit.

During a review of the NRC December 8, 1987 Amendment transmittal letter, it was found that paragraph 2.B.(5) of the Facility Operating License for Units 1 and 2 was interchanged. Accordingly, paragraph 2.B.(5) should read as follows:

Unit 1 NPF-11

- (5) Commonwealth Edison Company, pursuant to the Act and 10 CFR Parts 30, 40, and 70, to possess, but not separate, such byproduct and special nuclear materials as may be produced by the operation of LaSalle County Station, Units 1 and 2.

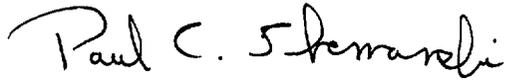

Unit 2 NPF-18

- (5) Pursuant to the Act and 10 CFR Parts 30, 40, and 70 to possess, but not separate, such byproduct and special nuclear materials as may be produced by the operation of LaSalle County Station Units 1 and 2.
