

PERRY
INITIAL LICENSE EXAM

MARCH 5 THRU 13, 2002

Form ES-401-10, "Record of Rejected
K/As"

| Tier/Group | Randomly Selected K/A | Reason for Rejection |
|------------|-----------------------|--|
| 1 / 1 | 500000EA1.05 | No wetwell sprays at facility |
| 1 / 1 | 295016AA1.03 | RPIS not relevant to selected APE for facility |
| 2 / 1 | 218000A1.02 | Facility does not have ADS acoustic sensors |
| 2 / 1 | 259002A2.08 | Facility does not have FWCI (BWR-6) |
| 2 / 1 | 203000K4.11 | Facility does not have RHR Loop selection logic (BWR-6) |
| 2 / 2 | 300000K3.03 | Single unit facility does not have unit cross-ties for instrument air |
| 2 / 3 | 239001K1.13 | System interaction with suppressed system (MSIV Leakage control) |
| 1 / 1 | 295037EA1.07 | EPE topic area interfacing with suppressed system (RMCS) |
| 1 / 1 | 295014AK1.04 | Facility does not use PCIOMR |
| 2 / 1 | 223001K6.12 | Replaced by plant specific priority |
| 2 / 1 | 217000K5.03 | Replaced by plant specific priority |
| 1 / 1 | 295007AK2.04 | This APE should have been a 'common' question (RO and SRO). This change will reduce the total number of exam questions by one. The new topic (AA2.01) also has a higher Importance Rating. |
| 1 / 2 | 600000AA2.06 | After further scrutiny, unable to write a viable exam question. It was determined this APE topic not applicable to Perry. The new topic (AA2.15) also has a higher Importance Rating. |
| 2 / 2 | 271000A2.14 | After further scrutiny, unable to write a viable exam question. The new topic (A2.02) also has a higher Importance Rating. |
