Dear Mr. Shelton:

SUBJECT: AMENDMENT NO. 135 TO FACILITY OPERATING LICENSE NO. NPF-3
(CORRECTION)

On August 4, 1989, the Commission issued Amendment No. 135 to Facility Operating License No. NPF-3 for the Davis-Besse Nuclear Power Station, Unit No. 1, in response to your applications dated November 2, 1987 and January 5, 1989.

The amendment corrected typographical errors and made minor word changes to achieve consistency between the Technical Specifications and plant nomenclature, and deleted certain statements that were no longer necessary because of elapsed time and/or completion of specified actions.

Because of illegibility of the markup of changes to page 3/4 3-11 (Table 3.3-3), a footnote indication (#) was omitted from items 4.a, 5.a, and 5.b. That error has been corrected and the corrected page 3/4 3-11 is enclosed.

Sincerely,

/s/

Thomas V. Wambach, Sr. Project Manager
Project Directorate III-3
Division of Reactor Projects - III,
IV, V and Special Projects
Office of Nuclear Reactor Regulation
