Public and Directives
Branch
UPRC

Dear Sir,

I have studied the two Draft Regulatory Guided. I have few comments to make.

(i) I am of the opinion that CRE should include, in additions to the areas mentioned in the Draft Regulatory Guide, the First aid Room, Central Alarm Station, Auxiliary Alarm Station, and the maned area at the entrance to the protected area.

(ii) The CRE should not only be sate against radiation and Chlorine but also against the incapacitating agents that a competent adversary may use.

With warm regards

A.S. Hunjan,
Scientific Officer (H),
Room # 421, HBB,
Indira Gandhi Centre for Atomic Research,
PO. Kalpakkam, 603102, India.
