Dear Mr. Batty:

On behalf of the Nuclear Regulatory Commission (NRC) and its staff, I want to express my sincere gratitude for your April 24, 2002, presentation on advanced reactor graphite technology. The NRC staff benefitted greatly from your valuable time and effort. We now know appreciably more about the graphite market, its history, and your company. We also appreciate the copy of UCAR's "The Industrial Graphite Engineering Handbook" on CD-ROM. I will ensure that it will be well cared for by our professional library staff.

Again, I would like to express my regrets, on behalf of myself and my management team, for missing your presentation.

Sincerely,

/RA/
