deviations to the criteria within Section III.G.2.c to Appendix R of
10CFR50 (Revision 1) dated January 28, 2002 (RC-02-0017).

South Carolina Electric & Gas (SCE&G) is withdrawing the request for revisions to a
previously approved plant licensing basis deviation referenced in the above letters.

At the request of the NRC, the following information regarding the statement in RC-02-

Should you have any questions, please call Mr. Mel Browne at (803) 345-4141.

Very truly yours
