Quad Cities Nuclear Power Station, Units 1 and 2
Three Mile Island, Unit 1

SUBJECT: SUMMARY OF APRIL 26, 2002, MEETING WITH EXELON GENERATION COMPANY, LLC AND AMERGEN ENERGY COMPANY, LLC TO DISCUSS THEIR RESPONSE TO INTERIM COMPENSATORY MEASURE B.4.e OF THE SECURITY ORDERS (TAC NOS. MB4098, MB4099, MB4105, MB4106, MB4112, MB4123, MB4124, MB4140, MB4141, MB4142, MB4143, MB4156, MB4161, MB4162, MB4169, MB4170, AND MB4189)

On April 26, 2002, the U.S. Nuclear Regulatory Commission (NRC) met with management of Exelon Generation Company, LLC (Exelon) and AmerGen Energy Company, LLC (AmerGen) to discuss their response to Interim Compensatory Measure (ICM) B.4.e of the Security Orders which were issued to each of the operating Exelon and AmerGen plants on February 25, 2002. The plants which received the Orders were Braidwood Station, Units 1 and 2, Byron Station, Units 1 and 2, Clinton Power Station, Dresden Nuclear Power Station, Units 2 and 3, LaSalle County Station, Units 1 and 2, Limerick Generating Station, Units 1 and 2, Oyster Creek Generating Station, Peach Bottom Atomic Power Station, Units 2 and 3, Quad Cities Nuclear Power Station, Units 1 and 2, and Three Mile Island Nuclear Station, Unit 1.

The response to ICM B.4.e included in their letter of March 15, 2002, was initially determined to be unacceptable by the NRC staff. Exelon requested the April 26, 2002, meeting with the staff to more fully discuss their response and their basis for concluding that it was responsive to the Order. The meeting was concluded with the staff indicating that it would consider the licensee's arguments during forthcoming discussions with NRC management. The staff stated that they would provide the conclusions from those discussions to Exelon by telephone. Subsequently, the staff informed Exelon and AmerGen that their response to ICM B.4.e. was not acceptable.
