Subject: Transmittal of the Revised User's Guide for the TPA Version 4.0 Code

Dear Mr. Firth:

The purpose of this letter is to transmit the revised Total-System Performance Assessment (TPA) Version 4.0 Code: Module Description and User's Guide, which was originally submitted as IM 20.01402.761.020 in March of 2000. Revisions were made to the User's Guide in response to programmatic and technical comments received from NRC staff as well as to correct editorial errors made during the original printing. In addition to making these revisions, the "predecisional" stamp has been removed from the top of each page.

If you need any copies in addition to the 25 attached herewith, please call me at (210) 522-5082. If you have any questions about the TPA Version 4.0 User's Guide please contact Dr. Sitakanta Mohanty at (210) 522-5185.

Sincerely yours,

Gordon W. Wittmeyer, Ph.D.
