

May 10, 2002

Mr. Gary Robertson, Head
Waste Management Section
Division of Radiation Protection
Washington Department of Health
7171 Cleanwater Lane, Building #5
P. O. Box 47827
Olympia, WA 98504-7827

Dear Mr. Robertson:

As requested, we have reviewed the proposed regulations for criteria related to disposition of uranium mill tailings or waste, sent in letter dated April 8, 2002. The proposed regulations are in response to the one amendment identified in the enclosed State Regulation Status (SRS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Part 40. We also discussed our review of the regulations with you on May 8, 2002.

As a result of our review, we have no comments. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted without significant change, they would meet the compatibility and health and safety categories established in Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulations* (November 10, 1998), please highlight the final changes and send one copy to STP.

The SRS Data Sheet summarizes our knowledge of other Washington regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter including the SRS Data Sheet is posted on the STP Web Site: <http://www.hsrdo.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me or Ms. Vivian Campbell of the Region IV staff at 817-860-8143 or e-mail, VHC@NRC.GOV.

Sincerely,

/RA By Kathleen N. Schneider Acting for/
Josephine Piccone, Deputy Director
Office of State and Tribal Programs

Enclosure:
As stated
Gary Robertson

Requirements for Certain Generally Licensed Industrial Devices Containing Byproduct Material - Parts 30, 31, 32	65 FR 79162; (2/16/04)	2001-1			

1. Or other generic Legally Binding Requirements.
2. (Y/N) Y means "Yes," there are comments in the review letter that the State needs to address.
N means "No," there are no comments in the review letter.
3. Not required means these regulations are not required for purposes of compatibility.
4. A State need not adopt a specific regulation if the State has no licensees that would be subject to that regulation. See: "Final Policy Statement on Adequacy and Compatibility of Agreement State Programs," III.1. Time Frame for Adoption of Compatible State Regulations, p. 6, SECY-95-112, May 3, 1995.
5. ADAMS ML Number
6. The Final State Regulation (Effective Date) of some regulations may be the date of adoption with the effective date occurring 31 days after adoption according to Washington statute.
