SPECIAL INSTRUCTIONS OR REMARKS:

May 1, 2002

Mr. Travers,

As a lifelong resident of Northern Ohio and one who has raised my children here I am overwhelmed by the near disaster at Davis Besse's plant. The inability of the staff there to address a problem that was going on for years proves that First Energy is not able to guarantee the safety of Ohio's Citizens and our valuable natural resources.

Since a combination of power from the competitive market and energy efficiency measures can EASILY meet all of our power needs, please keep the

plant shut down permanently!
Protect the lives of innocent people!
We look to you to do the right thing by us!

Sincerely,

Marjorie Musser

P.S. Please respond to this crucial issue. Thank you
