Petition to Increase Protection of Spent Rods At Indian Point

To: U.S. Nuclear Regulatory Commission Chair Richard Meserve
Entergy Nuclear Northeast CEO Michael Kansler

The spent fuel rods at Indian Point are housed in a steel-roofed facility. I believe this facility should be stronger and reinforced for the public's protection and safety in these uncertain times. I/we call on you to do just that.

Petition to Increase Protection of Spent Rods At Indian Point

To: U.S. Nuclear Regulatory Commission Chair Richard Meserve
Entergy Nuclear Northeast CEO Michael Kansler

The spent fuel rods at Indian Point are housed in a steel-roofed facility. I believe this facility should be stronger and reinforced for the public's protection and safety in these uncertain times. I/we call on you to do just that.
