Ms. Lisa Maybee, Director
Environmental Programs
The Seneca Nation of Indians
P.O. Box 231
Salamanca, NY 14779

Dear Ms. Maybee:

I want to thank you, Ms. Gayla Grey, and the other representatives from the Seneca Nation of Indians for the Cultural Sensitivity Training that you presented to U. S. Nuclear Regulatory Commission representatives on May 15, 2002. We found the presentations and the tour of the Cattaraugus Territory to be very enlightening and instructive. It will assist us in understanding the Seneca Nation's cultural values and traditional view of the environment, particularly in relation to environmental impacts. The training also strengthened our understanding of Sovereignty and Federal trust responsibilities.

We thank you for your gracious hospitality and look forward to continuing effective communications on issues of mutual interest. If you or your staff have any questions or wish additional information, please contact Paul H. Lohaus, Director of NRC's Office of State and Tribal Programs, at 301-415-3340, or Osiris Siurano, of his staff, at 301-415-2307.

Sincerely,

/RA/
