

June 5, 1959

Mr. R. C. Geiger
AMF Atomica
140 Greenwich Avenue
Greenwich, Connecticut

Dear Mr. Geiger:

In response to your letter of June 1, 1959, we are sending you a copy of the notice of proposed rule making on factors which may be considered in the evaluation of proposed sites for power and test reactors.

The proposed rule was published in the Federal Register for public comment on May 23, 1959.

Very truly yours,

David M. Marsh
Division of Licensing and Regulation

Atomic Energy Commission
1717 H Street, N. W.
Washington, D. C.

Gentlemen:

Would you be so kind as to send copies of the general statement of safety factors considered by the Atomic Energy Commission in its evaluation of proposed sites of nuclear power and testing reactors.

In as much as we are deeply involved in this program, we should like to make comments and suggestions to the Atomic Energy Commission.

Your early attention to this request would be most appreciated.

Very truly yours,

AMF ATOMICS
