**EXTENSION NOTICE - REACTOR SITE CONSIDERATIONS**

By memorandum dated May 18, 1959, we transmitted for your signature a notice of proposed rule making on power and test reactor site considerations, together with a transmittal letter to the JCAE and a public announcement. The notice appeared in the May 23, 1959 Federal Register.

Because of the importance of the notice and in view of requests received from interested members of the public, it is believed desirable to extend the customary 30 day comment period by granting an additional 60 days for the submission of comments and suggestions.

Accordingly, there is attached for your signature a notice designating August 24, 1959, as the date by which comments must be filed with AEC. The present terminal date is June 23rd.

Also attached for your signature are a letter informing the JCAE of this action and an appropriate public announcement. The announcement was prepared by Information Services; the notice, the letter to the JCAE and the announcement have been concurred in by the Office of the General Counsel.

When the notice is signed, please return it to this division for transmittal to the Federal Register.

**Enclosure:**
