Hazards Evaluation Branch

**DISCUSSION WITH PHS REGARDING COMMENTS OF THEIR PERSONNEL ON
NOTICE OF PROPOSED RULE MAKING "FACTORS CONSIDERED IN SITE EVALUATION
FOR POWER AND TEST REACTORS"**

In response to our letter of June 26 which was in reply to Dr. Bauer's letter of June 23 and stating that we would be pleased to discuss the PHS views on the Notice of Proposed Rule Making, Mr. Anderson set up July 17 as a tentative date for the meeting.

I returned a call to Mr. Anderson on this date and confirmed July 17 as being satisfactory. Mr. Anderson advised that the PHS circulated the Notice of Proposed Rule Making to its various offices for comment, and since a wide variety of comments have been received it was thought desirable to discuss them informally before submitting formal comments.

Mr. Anderson indicated that he would like to have the meeting at the PHS office because there would be about 6 individuals involved. The time of the meeting was set for 1:00 p.m. on Friday, July 17, 1959.
