

JUN 30 1959

Mr. Alfred Iddles, Chairman  
Sectional Committee H-6  
American Standards Association  
c.o. ASME  
29 West 39th Street  
New York 18, New York

Dear Mr. Iddles:

This is in reply to your telegram of June 25, 1959 requesting an extension of 90 days for return of comments and information pertinent to our Notice of Proposed Rule Making entitled "Factors Considered in Site Evaluation for Power and Test Reactors."

Your request was received after the Commission had already extended the time for receipt of comments until August 24, 1959. I trust that this extension from a 90 day period to a 90 day period will provide sufficient time for your Committee to study and formulate comments on this important subject.

Sincerely yours,

H. L. Kirk (RM)
