SUBJECT: PREPARATION OF STAFF PAPER ON SITE CRITERIA

This is to confirm our telephone conversation today in which I inquired as to the status of the development of a recommended set of site criteria.

I understand from you that you consider it feasible to prepare a Commission staff paper recommending a set of site criteria which could be reviewed by the Commission with the view of transmitting to the ACRS prior to their September meeting for their review and comment.

It is requested that every effort be made to complete such a staff paper as promptly as possible.
