

AUG 13 1959

Mr. Henry M. Marx
State of Connecticut
Coordinator of Atomic Development
Activities
325 Greenwich Avenue
Greenwich, Connecticut

Dear Mr. Marx:

Thank you for your comments on the proposed rule making to 10 CFR Chapter 1, regarding factors considered in site evaluation of power and test reactors. You have raised some very good points. Careful consideration will be given to your views in drafting the amendment in final form to be issued as an effective rule.

With best personal regards.

Sincerely yours,

G. W. Morgan, Chief
State and Interagency Branch
Division of Licensing and
Regulation
