Director of Licensing and Regulation  
US Atomic Energy Commission  
Washington 25, D. C.

Gentlemen:

This is to advise you that as a member of the Nuclear Energy Committee, I have carefully reviewed their report, "Siting of Nuclear Power Reactors", and I am in full agreement with their conclusions and resolutions as stated on page 7.

In addition, the Nuclear Facilities Department of our Company as also review this bulletin and we can also endorse these conclusions.

We will be glad to know what action if any the Commission proposed to take on this matter.

Yours sincerely,
