PROPOSED REACTOR SITE CRITERIA

This refers to your teletype of January 13, 1961 in which you request additional time to comment on the staff paper forwarded to you with my memorandum of December 23, 1960.

While it is possible that the Commission will have considered the proposed criteria before you have had time to prepare your comments, nevertheless I am anxious to have your views and will appreciate your forwarding them when you have had an opportunity to complete them.
