Attention: Osiris Siurano-Perez

Dear Mr. Siurano-Perez:

In reviewing the State of Nebraska's "State Regulation Status" sheet, I noted that that RATS ID 1999-1 (Radiological Criteria for License Termination of Uranium Recovery Facilities-Part 4) did not have a date or "not required" in the column "Final State Regulation (Effective Date)." Nebraska does not license uranium milling.

Because Nebraska does not license uranium milling we would like to have a "not required" listed.

If you have any questions please contact me at (402)471-0928.

Sincerely,

Mary Sue Semerena, Section Administrator
