Dear Mr. Baggett:

Subject: Registration Sheet No. NR-169-D-119-U

By this letter please be advised that Atomic Energy of Canada Limited due to the non-availability of material for our C-198 capsule outer body, stainless steel tubing type 316L of .437 outside diameter and .396 inside diameter, is now replaced by stainless steel tubing type 316L of .380 outside diameter and .338 inside diameter.

This change does not effect performance of the capsule and fully meets ANSI requirements.

For your information please find enclosed copies of the following:

- (a) Certificate Sealed Source Classification Designation and Performance Number 49 Revision 1
- (b) Drawing Number A03071 Revision C - Outer Body - C-198
- (c) Drawing Number A03076 Revision C - Outer Body Inactive Welding C-198
- (d) Drawing Number A03079 Revision C - C-198 Capsule Assembly
