Dear Sir or Madam:

On March 15, 2002, Entergy submitted its response to the Interim Safeguards and Security Compensatory Measures Order ("Order") issued by the United States Nuclear Regulatory Commission ("NRC") on February 25, 2002. We indicated in our response that additional time was necessary to complete analyses with respect to certain Interim Compensatory Measures (i.e., Interim Compensatory Measures B.2.a.(1), B.2.a.(2) and B.2.b.) before we could submit a schedule for achieving compliance with those requirements, in accordance with Section III.C.1. of the Order. We have performed those analyses with respect to the remainder of those Interim Compensatory Measures, and are providing the required compliance schedule. In accordance with 10 C.F.R. § 50.4, Entergy hereby submits its supplemental response to the Order. The enclosure to this response contains safeguards information, as defined in 10 C.F.R. § 73.21. Entergy therefore requests that the enclosure be withheld from public disclosure.
