Supplemental Response to Issuance of Order for
Interim Safeguards and Security Compensatory Measures

1. NRC letter to Michael R. Kansler from Samuel J. Collins dated February 25, 2002, regarding "Issuance of Order for Interim Safeguards and Security Compensatory Measures" for Pilgrim Nuclear Power Station
 2. Entergy letter to USNRC, dated March 18, 2002 (Letter No. 2.02.024) regarding "Response to Issuance of Order for Interim Safeguards and Security Compensatory Measures"
 3. Entergy letter to USNRC, dated March 18, 2002 (Letter No. 2.02.023) regarding "Request for an Extension of Time to Submit an Answer and Request for Hearing"

LETTER NUMBER: 2.02.054

Dear Sir or Madam:

The previous response (Reference 2) regarding Interim Compensatory Measures (ICMs) B.2.a(1), B.2.a(2) and B.2.b identified that the evaluation required by these ICMs had been initiated but could not be completed in time to support the order response date. A request for an extension of time to submit an answer and request a hearing was submitted (Reference 3).

The evaluation for which the request was submitted would determine if Pilgrim Station could meet the intent of the ICMs or could provide improvements that would meet the intent of the ICMs and the compliance date in the Order.

The evaluation has been completed and necessary improvements are being implemented. Necessary actions to meet the requirements of B.2.a.(1), B.2.a(2) and B.2.b will be implemented by August 31, 2002. A request for a hearing (Reference 2) will not be required.

As required by Condition C.2 of the Order, Entergy will notify the Commission when full compliance has been achieved.

If you have any questions or require additional information, please contact Mr. Bryan Ford at (508) 830-8403.

I declare under penalty of perjury that the foregoing is true and correct. Executed on the 12th day of June 2002.

C.M. Dugger
