Attention: Director, Division of Regulation

Dear Sir:

In response to the request for comments on proposed guides, Reactor Site Criteria, 10 CFR Part 100, Westinghouse has participated in an Atomic Industrial Forum group which studied the proposed guides. This group has prepared a redraft which was forwarded to Mr. Harold L. Price by Mr. W. Kenneth Davis on June 6, 1961. The information submitted in this letter and its enclosures are consistent with Westinghouse views on the subject and we will make no further comment.

Sincerely,

*Charles H. Weaver*
