PACIFIC GAS AND ELECTRIC COMPANY'S
MOTION FOR PROTECTIVE ORDER

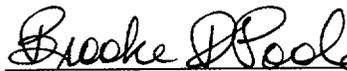

Pacific Gas and Electric Company ("PG&E") moves that the Licensing Board grant, for good cause, a protective order concerning the disclosure of certain confidential proprietary information previously submitted to the Nuclear Regulatory Commission ("NRC") in support of PG&E's Application under 10 C.F.R. Part 72 to possess spent fuel and other radioactive materials associated with spent fuel in an independent spent fuel storage installation ("ISFSI") to be located at the Diablo Canyon Power Plant site.

Subsequent to the Licensing Board's "Memorandum and Order (Initial Prehearing Order)" dated June 6, 2002, counsel for petitioners San Luis Obispo Mothers for Peace, et al., requested access to the information, which is proprietary to PG&E's contractor, Holtec International, for purposes of preparing contentions in connection with this matter. PG&E does not oppose the disclosure of designated information to counsel and experts for these petitioners,

provided that disclosure is governed by an appropriate Protective Order and Non-Disclosure Agreement. Consequently, PG&E is requesting this Protective Order.¹

Attached hereto is a copy of the proposed Protective Order, which includes a form of a Confidentiality and Non-Disclosure Agreement to be executed by any petitioner seeking access to the designated confidential proprietary information. This Protective Order does not extend to safeguards and security information.

Respectfully submitted,

Collectively, the disclosed information shall be referenced in this Agreement as the "Protected Information."

- 2. With respect to the Protected Information, SLOMFP agrees to:
 - (a) restrict disclosure only to SLOMFP's employees or representatives with a need to know such information for purposes of evaluating the above-referenced ISFSI Application, and only after advising them of the requirements of this Agreement and having them sign an undertaking in the form of Exhibit A agreeing to be bound by the terms of this Agreement;
 - (b) not disclose the Protected Information to third parties unless required to do so by law, regulation or legal process and only after notifying PG&E prior to disclosure of the requirement and providing PG&E with the opportunity to seek an appropriate protective order;
 - (c) use the Protected Information only for the purpose of evaluating the above-referenced ISFSI Application;
 - (d) use the same degree of care with respect to the Protected Information as it uses to protect its own confidential and private information which standard of care shall be no less than reasonable care;
 - (e) return the Protected Information to PG&E promptly upon SLOMFP completing its review and, in any event, no later than thirty (30) days after the date of final NRC action on the ISFSI Application, including any and all copies thereof containing Protected Information then in the possession of SLOMFP or its representatives, and shall ensure the destruction of any summaries, notes or extracts thereof.

3. Should SLOMFP desire to rely upon, reference, or cite the Protected Information, or any part thereof, in any comments to the NRC or proceeding at the NRC in connection with the ISFSI Application, SLOMFP agrees to utilize appropriate NRC procedures, including those outlined in 10 C.F.R. § 2.790, to assure that the Protected Information is treated by the NRC as confidential proprietary information.

4. SLOMFP agrees that any threatened or existing violation of this Agreement would cause PG&E and/or Holtec irreparable harm for which it would not have an adequate remedy at law, and that PG&E and/or Holtec shall be entitled to seek immediate injunctive relief prohibiting such violation in addition to any other rights or remedies. If a party is liable to the other on account of this Agreement, the measure of damages shall include any amount for indirect, incidental, consequential, or punitive damages and/or lost profits.

5. The parties recognize that the NRC has been asked by PG&E to decide on the confidential status of the Protected Information, and all parties will undertake to provide the level of confidentiality determined by the NRC to be appropriate. PG&E, Holtec, and SLOMFP each has the right to seek changes in the level of confidentiality to be afforded by the NRC, subject to the following:

- (a) Nothing in this Agreement shall be deemed to preclude SLOMFP from independently seeking through discovery in any other administrative or judicial proceeding information or materials produced in this proceeding under this Agreement. Accordingly, nothing in this Agreement shall be deemed to preclude any party in any other administrative or judicial proceeding from seeking protected status for any such information or materials.
- (b) Nothing in this Agreement shall be deemed to preclude any party from pursuing any available administrative or judicial appeals with respect to any NRC decision regarding the appropriate confidential treatment to be afforded the Protected Information by the NRC under 10 C.F.R. § 2.790. If at any time the NRC finds that the Protected Information need not be protected, SLOMFP agrees that the Protected Information will continue to be protected under this Agreement for an additional fifteen (15) days pending an appeal of the NRC decision. Nothing in this Agreement shall be deemed to preclude any party from seeking additional administrative or judicial appeals of NRC decisions with respect to the confidential treatment of Protected Information.

6. This Agreement shall be governed and construed in accordance with the laws of the State of California without giving effect to its principles of conflict of laws. The parties shall submit to the exclusive jurisdiction of the state and federal courts located in the State of California for any dispute arising out of this Agreement.

7. If any provision of this Agreement is held to be illegal, invalid or unenforceable, such provision shall be fully severable and this Agreement shall be construed as if the illegal, invalid or unenforceable provision had never been a part of this Agreement and the remaining provisions of this Agreement shall be given full force and effect.

8. No party shall assign its rights or delegate its duties hereunder to a third party without the prior written consent of the other party.

9. Holtec shall retain all rights, title, and interest in and to the Protected Information that is transmitted subject to this Agreement.

10. This Agreement shall become effective as of the date first written above. This Agreement contains the entire agreement between the parties concerning the confidentiality and non-disclosure of the Protected Information and no modifications of this Agreement or waiver of its terms and conditions shall be binding unless agreed to in writing by each party hereto.
