Dear Mr. Rochau:

Your letter of June 1, 2002, to Mr. Ashok Thadani requests NRC to write to GRS, Cologne to obtain the ISP44 KAEVER experimental data. We agreed that the data would be useful to resolve the MELCOR code predictions vs. the KAEVER experiments used for the ISP44 exercise. My staff has been attempting to obtain the KAEVER experimental data since January 2002. This effort has been complicated by the fact that the Battelle Frankfurt where the experiments were performed has gone out of business. We will request the KAEVER data from Dr. Kollath of GRS Cologne as you have suggested, and will provide it to your staff as soon as it becomes available.

Sincerely,
