**Entergy Quality Assurance Program Manual**

Dear Sir or Madam:

The purpose of this letter is to inform the Transportation and Storage Safety and Inspection Section of a change in the plant specific 10 CFR 50 Appendix B Quality Assurance Program for the above operating licenses. The licensees have adopted in its entirety the Entergy common Quality Assurance Program Manual (QAPM) on May 6, 2002. The QAPM was originally approved by the Commission on November 21, 1998. On April 26, 2002, Entergy submitted its annual revision to the QAPM, Revision 7, which included the above licensees on the manual.

Please contact me at 914-272-3370 if you have any questions on the information in this letter.

Thank you.

Very truly yours,

A handwritten signature in dark ink, appearing to read "John J. Kelly", is written over a printed name and title. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
