Dear Mr. Stevens:

The Illinois Department of Nuclear Safety is missing a quarterly transfer report from Intergrated Industrial Systems. The missing report covers the transfer of generally licensed radioactive devices to customers in Illinois in the first quarter of 2002.

We would be grateful if you would furnish a transfer report for the calendar quarter identified above.

The Illinois Department of Nuclear Safety hereby requests a transfer report from Intergrated Industrial Systems each calendar quarter. *We request a report whether or not you transferred a generally licensed product to an Illinois customer in the quarter covered by the report.* Please send the reports to my attention.

We appreciate your cooperation in keeping the Illinois Department of Nuclear Safety informed of the status of generally licensed radioactive material in Illinois. Please call me at 217-785-9917 if you have questions.

Sincerely,

James M. Ewan  
Division of Radioactive Materials
