Dear Mr. Arnold:

On June 3, 1981 the Commission issued Amendment No. 69 to Facility Operating License No. DPR-49 for the Duane Arnold Energy Center (DAEC). Amendment No. 69 consisted of changes to the DAEC Appendix A Technical Specifications.

During reproduction of Technical Specification page 6.2-3 (included with Amendment No. 69), the table number and title on page 6.2-3 was apparently not reproduced. Transmitted with this letter is a copy of a replacement page 6.2-3 which includes the missing information. Please incorporate this page into all copies of the DAEC Appendix A Technical Specifications. We regret any inconveniences this may have caused.

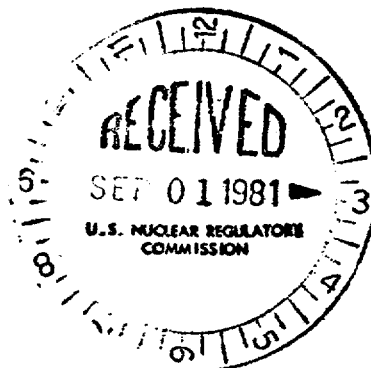

Sincerely,
