Re: termination of license to distribute

May 28, 2002

Dear Mr. Lee,

Please consider this letter as a commitment to cease all commercial distribution of ion chamber smoke detectors listed in registration certificate NR-0776-D-102-E.

This letter is also notification that the services, including source replacement and availability of product have been transferred to the entity listed below:

Tyco Electronic Product Group-US (TEPG-US)
100 Simplex Dr.
Westminster MA 01441

The TEPG-US facility applied for and received a license to possess from the State of Massachusetts, number 48-0368.

The TEPG-US facility has applied for and received a license to distribute (20-23881-01E) and a source registry (NR-1156-D-101-E) from the Nuclear Regulatory Commission.

Respectfully Submitted,

Al Hilt
Operations Director
