Gentlemen:

This refers to your application dated June 15, 1987, for an amendment to Materials License 37-23341-01.

Your application is subject to an application fee of \$1,400 as specified in fee Category 4B and Footnote 1(d) of §170.31 of 10 CFR 170, copy enclosed. Footnote 1(d) states in part that an application for amendment to a materials license that would place the license in a higher fee category or add a new category must be accompanied by the prescribed application fee for the new category. Your request for authorization to repackage radioactive waste will increase the scope of your licensed program to include fee Category 4B. Payment of the \$1,400 fee should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention at our Washington, D.C. address.

Your application will be processed by the Region I Licensing staff located at 631 Park Avenue, King of Prussia, Pennsylvania 19406. The fee, however, is required prior to issuance of the license. When submitting the fee, please refer to CONTROL NUMBER 107446.

Sincerely,

Glenda Jackson
