

REVIEWER NOTE FOR NR-0776-D-802-E

FROM: Seung J. Lee /**RA**/

July 15, 2002

The checklist was not used because the distributor ceased to distribute Model 612I and 912I smoke detectors and there were no changes to the products since the last amendment. Therefore, no safety evaluation of the device was performed as part of the conversion of the certificate to inactive status.
