MINNESOTA, PENNSYLVANIA, WISCONSIN

**ALLEGATION WEB SITE FOR THE REPORTING OF CONCERNS INVOLVING  
STATES AND AGREEMENT STATES (STP-02-054)**

As a result of suggestions and interactions with the Agreement States on the topic of reporting of Agreement State allegations and concerns, we have developed a web site which discusses the reporting of concerns involving States and Agreement States. The web site is located at: <http://www.hsr.d.ornl.gov/nrc/allegations.htm> .

When you visit the NRC web site, please go to "Report a Safety or Security Concern." Under the section "Non-Emergency," individuals interested in reporting a safety or security concern are invited to learn more about non-emergency concerns involving States and Agreement States. When this topic is clicked, web site visitors are taken to the site "Non-Emergency Concerns Involving States and Agreement States." This site is divided into two general topics: State Program Concerns and Agreement State Program Concerns. The State Program Concerns section explains that there are some sources of radiation not regulated by the NRC and provides information for persons to contact the State directly regarding these concerns. The Agreement State Program Concerns section explains the Agreement State Program and identifies the Agreement States. This section also provides information on the ability of the State to protect an alleged's identity from public release and provides information for persons to contact the Agreement State directly with regard to their concerns.
