Dear Ms. Norry:

Executive Order 13126, Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor, requires executive agencies to take appropriate actions to enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured wholly or in part by forced or indentured child labor.

The Executive Order directed the Department of Labor (DoL), in consultation with the Department of Treasury and the Department of State, to publish in the Federal Register a list of products (the List), identified by their country of origin, for which there is a reasonable basis to believe that such products may have been mined, produced, or manufactured by forced or indentured child labor. DoL published the final List in the Federal Register on January 18, 2001. This list is a live document and can be found at www.dol.gov/dol/ilab. The Executive Order required the Federal Acquisition Regulations Council to amend the FAR to implement the policy expressed in the Executive Order. The Council published a final rule on January 18, 2001, with an effective date of February 20, 2001.

The Executive Order directed the Administrator, General Services Administration, with the assistance of other executive agencies, to submit to the Office of Management and Budget a report on the actions taken pursuant to the Executive Order. Therefore, I am requesting that the applicable offices within your agency track and report the number of violations and remedial actions taken to enforce the Executive Order prohibiting the acquisition of products that may have been mined, produced, or manufactured by forced or indentured child labor.

The information that is cited above shall be forwarded to the General Services Administration's Office of Acquisition Policy, Room 4035, and 1800 F Street, NW, Washington, DC 20405 no later than January 8, 2003. The data submitted must cover the time period of February 20, 2001 through December 31, 2002. Enclosed is a chart that you may elect to use to report actions taken. A consolidated report of the gathered data will be submitted to the Office of Management and Budget no later than January 18, 2003.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Drabkin', with a stylized flourish at the end.
