Subject: **COLUMBIA GENERATING STATION, DOCKET NO. 50-397
LICENSE AMENDMENT REQUEST -- ALTERNATIVE SOURCE TERM
NON-PROPRIETARY VERSIONS OF CRDA, FHA AND LOCA
CALCULATIONS**

Reference: Letter GO2-01-156, dated December 3, 2001, RL Webring (Energy Northwest) to NRC, "License Amendment Request -- Alternative Source Term"

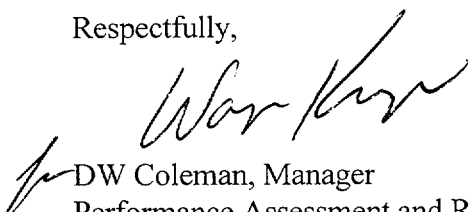

Dear Sir or Madam:

During discussions with the NRC, staff members requested that we provide copies of the control rod drop accident (CRDA), fuel handling accident (FHA) and loss of coolant accident (LOCA) calculations in support of their review of the referenced license amendment request.

Non-proprietary versions of the calculations are included as an enclosure. A proprietary version of the LOCA calculation was submitted under separate cover (the CRDA and FHA calculations do not contain proprietary information).

Should you have any questions or desire additional information pertaining to this letter, please call Ms. CL Perino at (509) 377-2075.

Respectfully,

DW Coleman, Manager
Performance Assessment and Regulatory Programs
Mail Drop PE20

Enclosures:

- Non-Proprietary Version of CRDA Calculation
- Non-Proprietary Version of FHA Calculation
- Non-Proprietary Version of LOCA Calculation
