**Prairie Island Estimate of Completion Date for Resolution of Generic Letter 96-06**

By this letter Prairie Island is notifying the NRC Staff of our estimate for completion of resolution of Generic Letter (GL) 96-06. Our staff has begun performing the pipe stress analyses. Based on the progress thus far, we estimate that completion of these analyses and identification of subsequent actions (as necessary) to respond to the NRC letter of April 24, 2002, will take until September 30, 2002.

In this letter we have made no new Nuclear Regulatory Commission commitments. Please contact Jeff Kivi (651-388-1121) if you have any questions related to this letter.
