STP

Information About The Job:

DUTIES: This position is responsible for managing the departments' radiation services program. This program exists under an agreement with the U.S. Nuclear Regulatory Commission (NRC). The purpose of the program is to oversee all users of radioactive materials in the state of Colorado, including medical, industrial, and uranium mills to insure compliance with state regulations, statutes and NRC guidelines. This position is responsible for the management of the budget, staff and work performed by the program.

MINIMUM REQUIREMENTS: Graduation from an accredited college or university with a bachelor's degree (minimum) in chemistry, biology, physics or a closely related field and five years of progressively responsible professional experience in the field of radiation protection. The ability to supervise the work of others, manage a program and establish & maintain effective working relationships with the public and stakeholder groups will be evaluated in the examination process.

SUBSTITUTIONS: Experience of the type and nature listed in the duties above may be substituted for the required education on a year-for-year basis.

Submit Application To:

Please submit a State of Colorado Application for Announced Vacancy, Demographic Information Form and resume to the Colorado Department of Public Health and Environment, Human Resources Office, 4300 Cherry Creek Drive South, Denver CO 80246-1530. Your application and resume may be used as part of the examination process. **Applications must be received by 5:00 p.m. on the closing date. Postmarks will not be accepted.** Properly completing a Colorado State application will determine inclusion in the pool of qualified candidates. Be sure both your application and resume specifically address the requirements listed below. Your application will be reviewed by an HR Specialist to determine if you meet the minimum requirements for this position. If an HR Specialist questions the information provided in your application, your application will be automatically reviewed by a second HR Specialist. If it is determined that you do not meet the minimum requirements, you will not be considered for this position. Application for this position indicates willingness to work in the aforementioned location.
