Re: RI/FS For Buildings 6 & 3/3A
CE Windsor, CT Site

Dear Mr. Kouhestani:

As requested, enclosed are the transmittal letters from MACTEC (environmental consultant) to Combustion Engineering, Inc. (CE) for the final Remedial Investigation and Feasibility Studies (RI/FS), one for the Building 6 Complex and one for the Building 3/3A Complex, at CE's 2000 Day Hill Road Windsor, Connecticut site. A notice of public availability was published in the *Journal Inquirer* on July 4, 2002. A public hearing will be held August 1, 2002 in the Ludlow Room of the Windsor Town Hall. Response to comments will be prepared after the meeting.

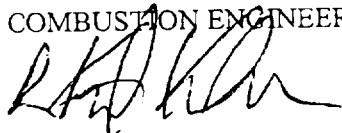

The purpose of the "private party" RI/FS is to gather information in anticipation of seeking a license amendment(s) from the NRC to proceed with the decontamination and decommissioning of these buildings and the remainder of the site. The RI/FS information also will be used to document CE's claim against the Government for costs associated with remediation of FUSRAP material on-site.

I understand that you requested these transmittal letters in order to submit a complete file of information to the Commission as they consider CE's pending request for the NRC to assume oversight responsibility for on-site remediation which CE will conduct (including of FUSRAP material). I trust that you will include this cover letter with the copies of the RI/FS transmittal letters you forward to the Commission.

Please call me if you have any questions.

Sincerely,

COMBUSTION ENGINEERING, INC.

R. Keith Knauerhase
Manager, Environmental Engineering

**SUBJECT: Remedial Investigation/Feasibility Study and Proposed Plan
Building 6 Complex
CE Windsor Site
2000 Day Hill Road, Windsor, Connecticut**

Dear Mr. Knauerhase:

Enclosed are the Remedial Investigation/Feasibility Study (RI/FS) Report and Proposed Plan for the Building 6 Complex at the Combustion Engineering, Inc. (CE) facility located at 2000 Day Hill Road in Windsor, Connecticut (CE Windsor Site).

These documents have been prepared in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), and applicable United States Environmental Protection Agency (USEPA) guidance documents.

In accordance with USEPA public participation requirements [NCP §300.430(f)(3)(i)], a Public Notice announcing the availability of the Proposed Plan for the Building 6 Complex was published in the Journal Inquirer July 4, 2002. The Public Notice identified that (1) the RI/FS and Proposed Plan are available for public review at the Windsor Public Library; (2) the public comment period for the Proposed Plan will be July 10 through August 8, 2002; and (3) a public meeting will be held August 1, 2002 at 7:00 P.M. in the Ludlow Room at the Windsor Town Hall.

If you have any questions, please call me at (207) 775-5401.

Sincerely,

HARDING ESE

**SUBJECT: Remedial Investigation/Feasibility Study and Proposed Plan
Building 3/3A Complex
CE Windsor Site
2000 Day Hill Road, Windsor, Connecticut**

Dear Mr. Knauerhase:

Enclosed are the Remedial Investigation/Feasibility Study (RI/FS) Report and Proposed Plan for the Building 3/3A Complex at the Combustion Engineering, Inc. (CE) facility located at 2000 Day Hill Road in Windsor, Connecticut (CE Windsor Site).

These documents have been prepared in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), and applicable United States Environmental Protection Agency (USEPA) guidance documents.

In accordance with USEPA public participation requirements [NCP §300.430(f)(3)(i)], a Public Notice announcing the availability of the Proposed Plan for the Building 3/3A Complex was published in the Journal Inquirer July 19, 2002. The Public Notice identified that (1) the RI/FS and Proposed Plan are available for public review at the Windsor Public Library; (2) the public comment period for the Proposed Plan will be July 24 through August 22, 2002; and (3) a public meeting will be held August 1, 2002 at 7:00 P.M. in the Ludlow Room at the Windsor Town Hall.

If you have any questions, please call me at (207) 775-5401.

Sincerely,
