UFTR Relicensing Application
Submittal Package with
Supporting Documents

University of Florida Training Reactor
Facility License R-56, Docket No. 50-83

This entire package is submitted to support the application to relicense the University of Florida Training Reactor (UFTR). The contents of this package are as follows:

- Letter of Application for relicensing per 10 CFR 2.104.
Updated Safety Analysis Report (original and 10 copies) following the NUREG-1537 format...
Updated Technical Specifications (1 copy) with separate cover letter...
Updated Emergency Plan (original) with separate cover letter...
Updated Operator Qualification and Recertification Training Program Plan (1 copy) with separate cover letter...

There is no documentation enclosed for the Physical Security Plan since we have an approved Physical Security Plan on file with the NRC. The intent is to use the existing approved security plan to support the application to relicense the UFTR and ask that the on-file version be referenced for review purposes.

Please let us know if further information is required.

Sincerely yours,

[Signature]
William G. Vernetson
Associate Engineer and
Director of Nuclear Facilities
