Mike,

This email represents OGC's NLO on the 1/8/02 version of the "Receipt Agreement" that includes a revised paragraph 3 limiting the Trustee's liability to those set for in the Trust; deletes the words "for payment" in paragraph 4 regarding invoices and claims that are sent to NRC and the State of Utah; and in addition, adds a paragraph 6 regarding instructions to DOE to send future Title X funds to the escrow account rather than to the trust account.

Mike, did you get the numbering right on this because as Lashway sent it, it started with paragraph 3 (paragraphs 1 and 2 being bulleted instead).

Maria:

Please e-mail me an OGC NLO for the 1/8/02 version of the "Receipt Agreement" received by e-mail from Fred Nelson. I am putting together the concurrence package for Mike Weber's signature.

Thanks

Mike
