Ms. Marianne L. Horinko  
Assistant Administrator  
Office of Solid Waste and Emergency Response  
U. S. Environmental Protection Agency  
1210 Pennsylvania Avenue, NW  
Mail Code 5101T  
Washington, D.C. 20460

Dear Ms. Horinko:

I would like to express my appreciation for the significant efforts and accomplishments that Mr. Larry Reed has provided in developing a Memorandum of Understanding (MOU) between our agencies. These efforts will establish a basic framework for the relationship of the agencies in the radiological decommissioning and decontamination of U.S. Nuclear Regulatory Commission (NRC)-licensed sites. As you know, in 1999, Congress directed each agency to begin development of an MOU, in part, to resolve stakeholder concerns about duplicative regulation. Mr. Reed has contributed to maintaining a constructive dialog. His efforts have enhanced coordination between EPA and NRC on decommissioning issues. The foundation that he has helped to establish appears effective, and we expect to continue to develop the relationship between agencies for this program.

I look forward to working with Mr. Michael Cook on future efforts related to finalizing the framework for the relationship of NRC and EPA in the decommissioning of NRC-licensed sites.

Sincerely,

*/RA/*

Carl J. Paperiello  
Deputy Executive Director  
for Materials, Research and State Programs
