Re: June 3, 2002, Request for Records and Request for Information Related to the  
Molycorp, Inc., Mountain Pass, California, Facility.

Dear Ms. Taylor:

It has been some time since I made a request for records pertaining to the Molycorp, Inc., Mountain Pass facility. My original request was made March 14, 2002. I made a clarification to that request to you on June 3, 2002. Judy Hardy acknowledged the June 3 on June 11, 2002, indicating that the Radiologic Health Branch was processing my request. Thus far, I have not received any documents responsive to my request.

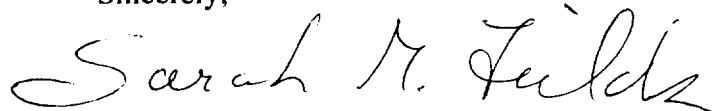

Therefore, I can only conclude that you are purposefully delaying a response to my request for documents, or you do not intend to respond to my request at all.

Please respond immediately to my request for Molycorp licensing documents or give some compelling reason why you have not, or cannot, respond.

In addition to my request for records, on June 3 I also asked you a number of questions related to the licensing of the Molycorp facility. I have not received a written response to those questions.

Therefore, I request a prompt written response to my questions of June 3, 2002. If you do not intend to respond to my request for information, I would like a written statement to that effect.

Sincerely,

Sarah M. Fields
