SUBJECT: REVIEW OF INTERMEDIATE MILESTONE 1402-771-220 ENTITLED,
"SUPPORT AMENDMENT TO 10 CFR PART 63 TO SPECIFY PROBABILITY
OF UNLIKELY EVENTS"

Dear Dr. Wittmeyer:

On July 19, 2001, the Center for Nuclear Waste Regulatory Analyses completed work on Intermediate Milestone 1402-771-220 entitled, "Support Amendment to 10 CFR Part 63 to Specify Probability of Unlikely Events." As noted in your letter, this milestone was comprised of comments transmitted informally to the NRC to accommodate the U.S. Nuclear Regulatory Commission's (NRC's) schedule. The Center staff effort contributed significantly to the technical accuracy and clarity of the rulemaking package. Additionally, all reviews were performed in a timely manner to accommodate the NRC's time-sensitive schedule. Intermediate Milestone 1402-771-220 is considered acceptable. If you have any questions regarding the contents of this letter, please contact me at (301) 415-7285.

Sincerely,

/RA/
