Subject: Hi Burnup RAIs

Wayne:

As a follow up to our meeting of July 10 to discuss hi burnup RAIs I have attached responses to B. Part 1 Part 2 for your review. The enclosed letter also reviews industry's commitment to follow up on the additional RAIs. I will forward a hard copy as well.

We have received numerous industry calls regarding ISG 11 (what it says and what it doesn't)

Please forward ASAP

thanks
Alan
