The excerpt works (see forwarded note). I'll make this a Confirmatory Item.  
Thanks, Bob.

Rani, RE: "Good Catch"

The proposed GSI-168 discussion by Duke is consistent with the June 2, 1998, letter to NEI and is therefore acceptable. This should probably be a confirmatory item unless they send a letter in shortly which would allow us to address it in the draft SER.

Hey Guys,

I talked with Bob Gill yesterday about the GSI discussion (or lack thereof) in the LRA. Late yesterday he sent the attached file, which was apparently excerpted from the Oconee LRA. Bob also apologized for not including this item originally and credited you guys with a "good catch."

Please take a look at the proposed discussion for Catawba and McGuire and let me know if this will suffice (Confirmatory Item) or not (Open Item).

Thanks-

Rani
