Howard,

I added my input to yours. I also made one addition to your section on know-how transfer (it is red-lined). Our sections on HTR module overlap. I think they should be combined to eliminate the redundancy. We can work on that next week. I'll be back in on Tuesday.

Attached is my draft contribution to the trip report. Your corrections and critique are welcome. But not today; I'm going to take the afternoon off.

H.
